

Moroccan Engagement Is Expanding Rapidly

GEORGE BERNARD SHAW
SUFFERING FROM FLU

LONDON, May 15.—George Bernard Shaw, the author and playwright, has been indisposed for several days with a slight attack of influenza which he confined to his home. It was said tonight that he had nearly recovered.

FREAK OF FATE IS DISCOVERED

Manifests of Good Indian
Ship "Irawadi" Turn up
at Saskatoon.

"SOMEONE BLUNDERS"
Hub City Officials Are Burn-
ing up Telegraph Wires to
Bombay.

SASKATOON, Sask., May 15.—The good ship "Irawadi," 62582 tons, M. Kamul, commander, probably the last steamship to be built in India, was sighted off the coast of Bombay, India, while the British officials were burning up the telegraph wires to Bombay from where the vessel sailed on March 12. It was a strange freak of fate or, through the indifference of the British officials, that the "Irawadi" was sighted from Bombay to the port of Hlawka, where it was captured by the British. The vessel was captured by the British. The vessel was captured by the British. The vessel was captured by the British.

DISAPPOINTED IN SOVIET RULE

Joukhov Representative
Returns to Saskatchewan
With Sad Tale.

SASKATOON, Sask., May 15.—A representative of the Soviet government, who had been in the city for several days, returned tonight with a sad tale of the conditions in the Soviet Union. He said that the conditions were very bad and that the people were suffering from lack of food and clothing.

BARRISTER REPRESENTS
MOOSE JAW LIBERALS

MOOSE JAW, Sask., May 15.—The Moose Jaw Liberal party has elected a new representative to the Saskatchewan legislature. The new representative is a barrister who has been in the city for several days. He is a well-known member of the Liberal party and is expected to be a strong advocate of the party's policies.

ITALIAN WOMEN MAY
VOTE IN ELECTIONS

ROME, May 15.—The Italian chamber of deputies today adopted a bill granting the vote to Italian women in municipal elections. The bill was passed by a large majority and is expected to be passed by the Senate in the near future. This would be a significant step towards equal rights for women in Italy.

WINNIPEG NURSES
RECEIVE DIPLOMAS

WINNIPEG, Man., May 15.—Twenty-five student nurses, who have completed their training at the Winnipeg General Hospital, received their diplomas today. The ceremony was held in the hospital's auditorium and was attended by many guests.

HON. MRS. PARLBY TELLS
OF INTERNATIONAL CONFERENCE

WINNIPEG, Man., May 15.—Reporting her impressions of the recent conference of the International Council of Women at Washington, D.C., Hon. Mrs. Parlby told the ladies of the Winnipeg branch of the council that the conference was a great success.

THE WEATHER
Forecast: Fair; a little
warmer.

Temp. 3 a.m. today: 41.

Three Bishops Officiate At Funeral Service of Right Rev. W. D. Reeve

TORONTO, May 15.—The funeral of Archbishop Thomas, of Toronto, was held at St. James' Cathedral today. The service was officiated by three bishops: the Right Rev. W. D. Reeve, the Right Rev. N. P. Doyle, and the Right Rev. J. M. O'Connor.

French Airmen Follow
Abd-El-Krim's Scattered
Remains to Places of Refuge

PARIS, May 15.—Official information reaching Paris tonight from Morocco says that the engagement which commenced Wednesday along the "Riffian" front between the French and the Rifian tribesmen, is assuming the proportions of a general battle. The French are reported to have captured several machine guns and artillery.

OPTIMISTIC AS
TO EXPEDITION

Party Leaves on Long Hike
Ambitious of Conquering
Canadian Peak.

CONFIDENT OF SUCCESS
One Member of Party Dies
Was Attached to Alaskan
Boundary Survey.

VANCOUVER, B.C., May 15.—With optimism and confidence of the expedition, the party of five men left Vancouver today on a long hike to the Yukon border line. The party is ambitious of conquering a Canadian peak. One member of the party, who was attached to the Alaskan boundary survey, died during the journey.

TEST OF DESPATCH
The despatch machine, which is used by the military, is being tested by the Canadian government. The test is being conducted in order to determine the machine's reliability in the field.

ALL SAINTS LADIES WIN BULYEA CUP

Local Female Chorus Carries
Off Trophy for the Most
Artistic Performance.

JOYCE PETCH WINS
MEZZO-SOPRANO SOLO

Alex. McIntosh and Fred
Tucker Other Edmontons
to Carry Off Honors.

(Special to the Bulletin)

LETHBRIDGE, Alta., May 15.—A capacity audience in Wesley Church Friday evening for the annual Alberta Musical Festival was attracted to the ladies' chorus, which won the Bulyea Cup for the most artistic performance.

The ladies' chorus, composed of members of the All Saints' church, won the Bulyea Cup for the most artistic performance. The chorus was led by Mrs. J. T. Linn and was accompanied by the orchestra.

Other winners of the festival were Joyce Petch, who won the mezzo-soprano solo, and Alex. McIntosh and Fred Tucker, who won the honors for their performances.

The festival was a great success and was attended by a large number of people. The winners were congratulated by the judges and the audience.

The festival was held in Wesley Church and was a very successful one. The winners were very happy and were well-received by the audience.

DISCUSS SUBSIDY
Mines Department is Investi-
gating Process to Mine Low
Grade Iron Ore.

OTTAWA, May 15.—Sharp criticism of the government by opposition members in the house of commons tonight centered around a report that the H. H. Hume, director of the mines department, was investigating the process to mine low grade iron ore.

The report was made public by the opposition and was widely discussed. The government defended the report and said that it was a confidential matter.

The mines department is also investigating the process to mine low grade iron ore. The government is considering a subsidy for the process.

The government is also considering a subsidy for the process. The subsidy would be used to help the mines department to mine low grade iron ore.

MEDICAL DEGREE GIVEN FIRST TIME

(Continued From Page One)

show that it had only been a short time before schools had been established in most of the settlements. High tribute was paid by Dr. Dykewicz to the splendid work in research that had been accomplished by members of the teaching staff of the University. Through recent medical discoveries by one of the all-time of the world were being revealed of suffering, he said.

President Dyer spoke briefly of the development of the past few years, and gave some figures with respect to attendance. He said that the total enrollment during the past year had been 1,154, the majority of which were male students. He also pointed out that there was a gradual increase in the number of students who were born within the province.

Mr. Lester McGeorge had the honor of being the first person to receive the degree of Doctor of Medicine from the University. In all there were eleven graduates in medicine who had completed their studies at this University. This is the first year that the degree was given here. Those receiving degrees were as follows:

Scholarships—In the Faculty of Medicine offered by the Colleges of Medicine and Surgery of the University of Alberta—first year winners: William David Leslie; final year, medicine, Louis Charles McGeorge; third and fourth years physiology, Daniel James McGeorge; second and third year anatomy, Harry John Taylor; first year physiology, Arthur Frederick Dunn.

Scholarships of Alberta Pharmacy Association—Three were awarded, licentiate course, Catherine Edger Gether; diploma in English language and literature—Marjorie Banerjee.

Women's University Club scholarship—Not awarded.

Prizes
John Alexander Memorial prize in zoology—Alfred Leach.
Gordon Stanley Telfer Memorial prize in history—Maurice Eliahu Silverthorn.

Awards of the Association of Professional Engineers of Alberta—in civil engineering, William McCarty; Division in mining engineering, Harry Milton-Clark; in electrical engineering, Clifford Underwood.

Prizes in the history of medicine
Harold Walter Elzevir Memorial prize in English—Louis Louis Butler.

Prizes in mathematics—1, James Alex. McPherson; 2, Olive Joyce; 3, Samuel Richard Hordford. Memorial prize in English—Kate Barker.

Valley French prize—Alan Stuart Galt.

French prize of the Society Du Patrimoine—Clifford Galt.

John Alexander Memorial prize in Latin—Clara Wendle.

Historical Club prize—John Galt.

Butler (Latin) prize—John Galt.

Butcher Research prize—Geo. James Knighton.

Prizes of the Canadian Institute of Mining and Metallurgy—Not awarded.

Carroll prize in the Faculty of Law—Third year, George James Jordan; second year, James James; first year, Horne Gilchrist.

Halley Hamilton Goetz prize in Philosophy—Lionel Stuart Russell.

Governor-General's gold medal—Thomas William Grindley.

Lord Governor's gold medal for the study of Shakespeare—Barclay Lillian Smith.

Charles V. Stan Stuart gold medal in classics—Not awarded.

Alexander Cameron Rutherford gold medal in English—Olive Vera Hew.

Women's University Club gold medal—Lillian Vigne Hall.

First Jurisprudence gold medal in Law—George James Jordan.

TAKE ALONG TOBACCO TO SOLACE PIGIONS

WASHINGTON, May 15.—Twenty-five carrier pigeons will be taken along by the navy section of the McMillan Arctic expedition this summer and they will have 25 pounds of tobacco to solace them.

The navy announced today that 1475 pounds of plume food would be carried and that the tobacco would provide an ample chewing ration for the birds.

The pigeons have been trained for several months for long flights over cold country and they are said to have proved themselves capable of flying over 100 miles a day.

WORLD-WIDE SALE MEANS WORLD-WIDE OPPORTUNITIES FOR TIRE IMPROVEMENTS

SUPERTWIST
Another Goodyear Contribution!

The history of The Goodyear Tire & Rubber Company from its humble beginnings to its present-day supremacy, reveals a continuous record of invention, improvement and contribution to the progress of a great industry. That record is studied with such signal achievements as the *Weather Tread*, the first straight-side tire, the fire-building machine, the braided nylon wire head, the practical pneumatic tire for motor trucks, the All-Weather tread and the *Supertwist*.

In addition to their wonderful riding qualities, Goodyear Balloon Tires have the advantage of being extremely durable. This is in great measure due to Goodyear's remarkable new cord fabric, SUPERTWIST. Extra elastic, and far outstretching the breaking point of ordinary cord fabric, SUPERTWIST gives Goodyear Balloon Tires the maximum capacity to absorb road shocks, avoid stone bruise and similar injuries. The only balloon tires built with longer-life

Balance Owning at May 1, 1925 (mortgage)	\$12,000.00

EFFICIENT BUSINESS MANAGEMENT Has made the Y.W.C.A. a Success

On the Strength of this Record the Board Appeals for Your Sympathy and Support

Clean Up and Paint Up

APPROVES IDEA CLEAN-UP DAY

Modern Life Demands That
Public be Educated Away
From Neglect.

The idea of setting aside a special period of a day or week for the specific purpose of cleaning up, is a principle which receives the hearty endorsement of the provincial board of health, and is approved by all local boards throughout the province. In the larger cities and towns, many people are actuated by a wholesome desire for cleanliness and propriety and endeavor as far as possible to live up to such standards. But modern life presents many distracting influences which frequently result in the neglect of some essentials. Therefore it becomes necessary that attempts should be made from time to time to arouse public sentiment and prevent sloppiness in this regard from developing into a menace.

If a clean up is thoroughly carried out the results accomplished are twofold, in that it helps to prevent the spread and propagation of disease and also improves the appearance of the municipality.

"There is nothing that looks so unsightly as to see back yards and vacant lots covered with old tin cans, garbage and all sorts of rubbish," said Mayor Blackford and I am sure that all the citizens of Edmonton have the welfare of the city at heart and desire that nothing should go away from here without the feeling that Edmonton is one of the cleanest cities in the province of Alberta.

There is More Than
Paint in a Paint
Can

Beauty, economy, cleanliness, safety, sanitation, are all contained in every can of paint.

Civic Clean-Up

The City Engineer's Department will have extra men and teams employed up till May 22nd on the Spring Clean-Up. Look out for the men raking in the lanes—the teams will probably follow next day. Hand bills will be delivered a day or two ahead.

Your co-operation is a great help. For further information phone Health Dept., 1715, or City Engineer's Dept., 6040.

CITY ENGINEER.

SHOULD REMOVE ALL THE RUBBISH

Fire Chief Appeals to Citizens
—Payment of Losses Falls
Upon Community.

As well as being conducive to better sanitation and increased safety, the removal of rubbish is a question of fire prevention. The fire chief appeals to the citizens of Edmonton to do their part in helping to remove inflammable material which might cause fire and loss of property. From the best point of view fire prevention should appeal to the patriotic duty and a public virtue. The fire chief points out that a large percentage of all fires are preventable and that the only way to prevent them is by removing the inflammable material which is so plentiful in the city.

Every year fire waste causes a loss of life, of employment, of property, and of commerce. It is a waste of time and money. It is a waste of the city's resources. It is a waste of the city's health. It is a waste of the city's future. It is a waste of the city's honor. It is a waste of the city's soul. It is a waste of the city's God.

Edmonton has started a drive for pure water. An analysis of water supplied at all residential places, which are available to the motoring public, as before made by the state health department and good wells are being conspicuously marked. How to know good water is well near springhead, where the government affords the first safety seal which will be used to designate good wells.

BURNED TO DEATH
EDMONTON, May 15.—(15th).—The bodies of two men, killed in a fire at the corner of 1st and 10th streets, were buried today in the West cemetery. The bodies were found in a large lot in which they were riding around in a car.

IS GUILTY OF CONSPIRACY
CHICAGO, May 15.—(15th).—A West Chicago man, who supplied thousands of Illinois soldiers with food, was found guilty of conspiracy to defraud the government. He was sentenced to prison for ten years.

MINER TRAPPED ALIVE
MONTREAL, May 15.—(15th).—A miner trapped in the bottom level of the West Colliery mine last Monday, remained entombed today. Rescuers have been working feverishly in an attempt to reach him alive.

Home Beauty
Depends to a great extent upon our own individual efforts.

ILLINOIS LEADS HEALTH MOVE

Edmonton has started a drive for pure water. An analysis of water supplied at all residential places, which are available to the motoring public, as before made by the state health department and good wells are being conspicuously marked. How to know good water is well near springhead, where the government affords the first safety seal which will be used to designate good wells.

The Story in Paint Leaves Nothing Untold!

THE RESPECTABILITY OF A NEIGHBORHOOD or its tenants is not judged by the size or quality of its buildings, but rather by the cleanliness and "condition" of the houses situated therein.

Only in proportion to what YOU individually do to increase the prosperous appearance of YOUR estate, can you expect your neighbor to be interested in the appearance of his.

Like a disease, it is catching. When YOU start in to paint and clean-up, it infects others with the same spirit—until it becomes a community affair.

Every home that is tastefully painted inside and out is a monument to the "respectability" of its owner. Are YOU rated "respectable"?

The story in paint leaves nothing untold.

Keep Edmonton Smiling

Look Prosperity In The Face!

Surface appearances go a long way to establish the status of the individual—Meet the neatly dressed and pleased man, who greets you with a smile and a hearty clasp of the hand—he's the kind of chap you like to associate with, because he fairly cautions that prosperous and optimistic air.

Just so is it with your city. The well-kept appearance of its streets, its homes, parks, lanes and public property all reflect a general atmosphere of brightness and prosperity.

Community Pride and Community Thrift
Place the Same Reliance on

CLEAN UP and PAINT UP

The annual Clean-Up and Paint-Up Campaign to keep Edmonton smiling is now well under way. Citizens filled with civic pride and zeal are once more into the thick of the drive against the demons of deterioration and gloomy apathy.

Rouse Out Mr. Householder!

Meet prosperity face to face by creating a cleaner, better, brighter atmosphere in your community.

Keep Edmonton the brightest spot on the map of Western Canada besides enhancing and improving your own property.

KEEP AT IT! Until the very last trace and speck of litter and neglect has been swept away.

OIL OPERATORS GETTING BUSY

Drills Pounding Down at Several Wells in Irma-Wainwright Field.

The Bulletin Correspondent
IRMA, May 15.—After one of the most active periods in western Alberta for several years, crews are again busy at several of the wells in the Irma-Wainwright field, in the Strathcona local, one mile west of the town of Irma. Several wells are being drilled to determine the amount of gas contained in the large volume of gas available at this well. This well was completed to a depth of 1,575 feet early last fall when a gas flow estimated at from seven to ten million feet was struck. The gas flow was estimated at from seven to ten million feet was struck. The gas flow was estimated at from seven to ten million feet was struck. The gas flow was estimated at from seven to ten million feet was struck.
